

Hello!

In this guide we will explain the different ways you can use our template applied to commercial use.

You are not allowed to remove the credit “Design: SvenCreations” on the footer.

If you want to remove the credit, [Click here](#), **Pay As You Wish!** You will get no-attribution license, unminified JavaScript file and support(from me)!

You are allowed to use our template for the end product if you are working for one specific client.

GreenSock tools(SplitText) are subject to their own license which can be found at <https://greensock.com/standard-license>

You will not be allowed to use this template if you are selling them to multiple clients(as a template on **Themeforest** or **any other market**) though this will be considered as a redistribution of our resources.

Images used are from [Unsplash](#). All photos published on Unsplash can be used for free. You can use them for commercial and noncommercial purposes. You do not need to ask permission from or provide credit to the photographer or Unsplash, although it is appreciated when possible.

Thank you for understanding!
